It's been fun lately working while looking at material on iPad.

I always make the latest color illustration I've drawn the wallpaper of my iPad, to double check my work.

So that means that this time, it is Volume 14's Gwendal.

I've been using this one for 5 years. This cell phone with a cracked screen...

(A Galapagos Cellphone\*)

"A Palapagos cellphone is an "evolution" of older cellphones, a pimped version of them. They had games, special ring tones and allowed you to use it as an electronic wallet. It's not a smart phone. Nowadays, the average cell phone is better than what a Palapagos cell phone was back in the day.

### Notes

Soukoku: This is one of those words that doesn't translate so great to English. 双黑 refers to someone who has both black hair and eyes, but to keep up from being a whole sentence we decided to go with "Double-Black".

Lord von Kleist: There has been a lot of confusion about Günter's last name being Christ or Kleist, but actually, his name follows the German naming theme. While translating his name, because of its fonetic nature, people went with "Christ" because it was more immediately familiar. Christ and Kleist though they are writting differently they sound the same, also, following Takabayashi's chosing in names, most of them are clearly German (Wolfram, Adalbert, no to mention the man in question: Günter).

T/N I: There's an untranslatable pun here King is "Ou" and before that he goes oh, oh... so that pretty much what he said sounded like: "Ooooooooooooo, no way."

T/N Z: A baseball reference! Oh, joyous moment! "Ou Sadaharu" is a baseball player who's famous for hitting home-runs with this particular technique where you lift one leg before leaning forward to hit the ball.

T/N 3: As mentioned in Chapter 75, Japanese comedy duos have a "tsukkomi" and a "boke". The tsukkomi is the one who "butts in". So Youri is telling him it's not time to butt in/be funny

T/N 2: Osugi and Piko: A super famous duo formed by two gay twins, who are long running celebrities in Japan. Osugi is a movie critic and Piko, a fashion critic. Their first appearance in the media was a cultural shock, since it was the first time gay people openly expressed themselves in TV.

## Afterword

This was Volume 141 To the people who always read the manga, thank you so much!

And to people who are only starting to read the manga now, thank you tool Sara who's been tagging along since last volume, appeared a lot (?) in this one and Murata's enigmatic atmosphere was finally cleared up when he confessed

It was a lot of fun to draw a mysterious Murata-san

Not just Murata, I have a lot of fun drawing all the Maruma characters in freshnew waus in different scenes.

Thank you very much, Takabayashi-sanl And also, soon in the next volume \_? I will try my best for the next volume as well, so please keep reading.

The development of the manga is straying more and more from the original. In this way, you taste two things in one bite, and feel like you're saving money like with gu() ko. Of course, the syllable that goes between the parenthesis is "ru". Guru-guru-guru-guru-Gurukosamin!\* But I don't think Saralegui has problems with his knees.
